## User Instructions

CHECK CONTENTS  
HEAVY DUTY COLOURED BASE  
CLEAR PVC / NYLON TOP COVER  
2 FILTER PANELS EACH COMPLETE WITH  
FAN PLUS PRIMARY SECONDARY and CAR-  
BON RETURN FILTERS.  
POWER SUPPLY and BATTERY MANAGEMENT )

If your filters are already fitted go directly to

Place on a clean flat surface, and gently but firmly press the fan and Carbon Filter to the back of the housing.

Turn the panel over and check that the Carbon Filter is flush with the housing.

Start at the top edge and stretch over the rim, fit both primary filters

Secure cable through the loop too ensure cable is not accidentally disconnected in windy conditions

### SELECT YOUR SITE

Unfold coloured base sheet and place in selected position, Remember you will need to access all four sides to fasten the zip. Ensure the start point of the base zip is closest to your power point—the filter/control units will be at this end

### PARK YOUR CAR ON THE BASE

Roll your car onto the base—if this is not possible drive carefully onto the base—keeping your car central.

DO NOT STORE CARS WITH FUEL LEAKS  
DO NOT RUN ENGINE INSIDE THE CARCOON

Do not use indoor product OUTDOORS  
Indoors is considered to be in a building behind closed doors

### BATTERY MANAGEMENT

Fit the permanent battery connector Connect the battery management cable, and exit the wire at the zip start /finish point on the base mat.

Do not use high voltage power extensions without a circuit breaker. Always keep the power supply ABSOLUTLY DRY and free from moisture.

### TOP COVER

Unfold clear top cover and place on car, check you have the zip start point in line with the start point on the base. Start the zip and fasten around all four sides.

Do not be concerned with creases in the clear PVC. They will soon disappear when the Carcoon has been inflated for a few hours.

### DRY A WET CAR

Once the Carcoon is inflated fully open the rear vent and leave overnight. Drying time will be much shorter if the vehicle is placed in its Carcoon with the engine still warm. Once you are satisfied that the car is dry FULLY CLOSE the rear vent and the Carcoon will automatically go into active circulation mode.

If the car is not wet go directly to storage mode ie rear vent fully closed.

REPLACEMENT FILTER KITS AVAILABLE DIRECT FROM YOUR SUPPLIER. PLUS COMPLETE SPARES LIST  
Activated Carbon Filters have a service life of 8,000 hours—One years continual use or every two years.

# PROTECT THE BASE MAT FROM TYRE MARKS

BEFORE DRIVING ON OR OFF THE BASE FOLD THE FRONT

## OUTDOOR EVOLUTION CARCOON

Choose a site that is protected from the wind and driving rain if possible. Use only on firm ground or hard standing, do not use on sharp gravel. Make sure the Air Filters are not directly over or close to— running water, open drains or gullies of any type. Do not position your Carcoon where flooding is likely.

Mains power connections or extensions should only be used with an approved “Earth Leakage” protected connection. Extension cables should be covered and kept as short as possible, do not use unprotected cables or wires in a public place. Do not pass wires or cables over walk ways or paths. Always disconnect the mains power supply first before unplugging the Carcoon, the Carcoon unit will remain inflated with the mains power disconnected.

Before putting your vehicle away it is always best to remove as much water as possible if wet, a wet vehicle will take longer to dry if the ambient temperature is low. If possible it is best to put the vehicle in its Carcoon while still warm after use, a warm vehicle will help lift the moisture making the drying process far more efficient. The “drying Vent” under the front cover should be fully open to dry a wet vehicle. Fully close this vent when dry to activate the “storage mode”.

When you are ready to use your stored vehicle disconnect the power supply from the mains— unplug the 12volt dc connector from the fan panel and release the zipper around all four sides of the base mat. At the opposite end to the input fans inside the top cover is a small deflation zip— open this zip to allow the air inside the cavity to escape. Do this a few minutes before you attempt to remove and fold the top cover, this will make the folding and storing much easier. Finally

PROTECTED FILTERS AND  
DRYING VENT  
OF THE OUTDOOR CARCOON

## NOTES ON GOOD PRACTICE

Try to keep the air temperature as constant as possible i.e. do not allow the input filters to pick up warm air from central heating boilers, washing machines, tumble dryers etc.

If possible always keep the filters away from the garage door, steel doors act like radiators when exposed to even mild sunlight, this is particularly true if the door is painted in a dark colour.

Never store vehicles with fluid leaks of any type whatsoever.

Never store petrol / petrol cans or chemicals inside the Carcoon.

Under no circumstances should you store vehicles with incomplete or leaking fuel systems.

Make regular checks on the condition of the vehicle with particular attention to the above

Do not allow tyres to go completely flat or leave them under inflated for prolonged periods, this could destroy the shape and construction of the tyre making it dangerous to use, this is particularly true of modern high performance tyres.

When ever possible clean the car before putting it away especially in the winter months when highly corrosive salts are used on the roads.

Leather interior trim should also be cleaned and treated with a good quality hide food before storing. Perspiration in contact with leather (and some times other materials), can cause mould or bacteria to propagate, these surfaces should be cleaned with an antibacterial cleanser before storing.

Check the battery electrolyte level and never overfill , there should be just enough water to cover the top of the plates in each cell. Note some modern batteries are sealed for life and require no maintenance.

Tap water contains Chlorine (a powerful germ killing acid ) which can cause serious corrosion damage to the engine and cooling system , never use water only in the cooling system use only the recommended coolant and water mix , as recommended by the vehicle manufacturer.

Do not use the Carcoon without the filters properly fitted, when necessary wash the outer primary filters in warm soapy water— squeeze dry and refit.

Under no circumstances should you wash the Activated Carbon re-circulation filter. This filter has a life of approximately 8,000 hours ( one year) and should be replaced at the end of its working life

Never use a deflated Carcoon to store your vehicle, the Carcoon is a positive pressure system and will not work deflated. If there is a problem that cannot be immediately rectified remove the vehicle and consult your supplier.

**Carcoon Storage Systems Ltd Manchester England**

## Outdoor Set-up Instructions

**Power Unit lifted off  
the base mat**

**Close Cable  
Access Zipper**

**12 volt power to ventilators**

**Mains Power Source**

**Secure connection using  
loop as shown**

# **Filter Masks must be fitted at all times.**

Filter Masks allow good airflow around the primary filters allowing each filter to work as designed. These masks also prevent the outer cover from restricting airflow around the primary filters whilst also keeping each filter assembly dry and protected from damaging Ultra Violet.

After following the initial set up procedure the drying vent shown below must be closed at all times during storage.

The power supply includes 12volt battery management for the stored vehicle, this power unit must be kept dry at all times.

Do not place the power supply directly on the base mat within the Carcoon or anywhere close to where moisture from an initially wet vehicle may contaminate the electronics.

The Carcoon provides a low pressure enclosure and as such will not support the weight of snow. In the event of any snowfall its important to clear the cover of snow allowing the cover to re-inflate.

**A deflated Carcoon is not water tight**

- From the M4, leave at junction 4 and turn right.
- Turn left at the first set of traffic lights.
- Go underneath the motorway and over two small roundabouts.
- Turn left at the third roundabout.
- Turn right onto the A4 at the next set of traffic lights.

Take the first right and continue to the hotel.

#### From the north:

- Leave the M25 at junction 14 and turn left onto the A3113.
- Head towards terminal 4.
- At the next roundabout, turn left onto the A3044 towards Longford.
- Go straight on at the next roundabout.
- Turn right at the next set of traffic lights onto the A4.
- The hotel is half a mile down the road on the left.

**From the west:** - Leave the M4 at junction 5 (Langley) and follow the signs for the A4 towards Hounslow and Staines.

- The hotel is three miles down the A4 on the left.

#### From the south:

- Leave the M25 at junction 14 and turn right onto the A3113.
- Head towards terminal 4.
- At the next roundabout, turn left onto the A3044 towards Longford.
- Go straight on at the next roundabout.
- Turn right at the next set of traffic lights onto the A4.
- The hotel is half a mile down the road on the left.

### The day you fly from the airport

The latest check-out time is noon.

You can catch the Heathrow Hoppa bus from the hotel to the airport and back - it runs regularly during the airport's opening hours.

**T2 and T3:**

From terminals **2 and 3, you'll need to get the bus H4**. The first bus from terminal 2 is at 04:57 and then every 20-30 minutes until 23:54. From terminal 3 the first bus is at 04:52 and then every 20-30 minutes until 23:49.

**T4 and T5:**

If you're going from terminal **4 or 5, you'll need the H54 bus**. The first one from terminal 4 is 05:00, then every 30 minutes until 23:30. From terminal 5 you can also get the H52 buses, they go from 05:11 every 30 minutes until 23:41.

**Price:**

When bought in advance, tickets cost £4.50 per person one way and £8 return. They cost £5 for a single and £9 return if purchased from the driver on the day. Up to two children under 15 can travel free with a paying adult.

**On your return to the airport**

Once you've collected your luggage, you'll need to get to the hotel via the Heathrow Hoppa bus. It runs regularly during the airport's opening hours.

**T2 and T3:**

From terminals **2 and 3, you'll need to get the bus H4**. The first bus from terminal 2 is at 04:57 and then every 20-30 minutes until 23:54. From terminal 3 the first bus is at 04:52 and then every 20-30 minutes until 23:49.

### What times do they run?

For information regarding the bus times, check your booking confirmation or speak to the hotel when you arrive.

### What do I need to take with me?

You must print out your Hoppa ticket and present it to the bus driver. A digital copy, like an email on your phone, will not be accepted.

### What bus stop do I need at the airport?

Buses to all major Heathrow hotels depart from the following bus stops at the airport:

- Terminal 2 - stops 9 and 10
- Terminal 3 - stops 12 and 13
- Terminal 4 - stop 12
- Terminal 5 - stops 22 and 23

### Hints, tips and extra bits:

**The tickets are non-refundable**, so once you've added a Hoppa ticket to your booking, it can't be changed and we can't offer you a refund if you need to cancel. Please make sure all your details are correct before adding to your booking.

**For some routes you may need to use the Heathrow Express** between terminals, so please allow additional travelling time for this. If you do need to use this service it will be explained on your booking confirmation.

**The Hoppa buses are wheelchair friendly.**

### Flight Tickets

Your flight details are listed below:

- **Airline Booking Reference:** This may be used to access and manage your flight reservation to check in online and pre book seats on the airline website.
- **Ticket Number:** The number shown against the first flight will also apply to subsequent flights unless otherwise stated.
- **Baggage Allowance:** Airlines use the following abbreviations on their tickets to indicate their Baggage allowance: a 'piece' (PC) i.e. number of bags to check in. Weight (KG or K) to indicate the weight in kilograms to check in. Your airline allowance may be shown below, if not please check your allowance on your Airline website. Please note for US Domestic Flights, airlines now charge locally for checked in baggage (including those sold in combination with International flights).

### Final Itinerary and Joining Instructions

Tour 1

Please read carefully

**Flight details quick reference**

Check-in	<u>Heathrow Terminal 5</u>
Flight	BA0540
Departure	08:15
Arrive Bologna	11:25

### Day 1 - Wednesday 4th October

The flight itinerary is in your pack and includes the booking reference number. You may print boarding passes online, or alternatively on arrival at Terminal 5, use the self-check or British Airways check-in desks.

**Luggage:** Your booking includes one piece of hold and two pieces of hand luggage. The allowances are:

Hold luggage	-	up to 23 kgs
Cabin baggage	-	Handbag/laptop size bag (maximum 40cm x 30cm x 15cm)
Additional cabin baggage	-	maximum 56cm x 45cm x 25cm

For more details on luggage restrictions: [www.britishairways.com/en-gb/information/baggage-essentials](http://www.britishairways.com/en-gb/information/baggage-essentials)

**The gate closes** 20 minutes before departure, so do allow time to clear security. These procedures are heightened at all UK and European airports and we advise that a minimum of two hours is allocated for check-in. Club Secretary, Gary Dearn, travels with you from Heathrow, so if you have any questions on the day call: 07800 821 080.

Please head to the departure gate at least 30 minutes prior to take-off time. **Arrival in Bologna** is scheduled for 11:25 hours (local time 1 hour ahead).

**After luggage collection** you will be guided to a waiting coach. The first stop is a 12:30 lunch at a traditional Pizzeria where the food is very good.

After lunch we leave the restaurant for the visit to the Pagani supercars at 15:30, then on to our hotel for 17:00 and check-in for two nights reserved for you at:

**Mini Hotel Le Ville, Via Giardini 1270, 41100 MODENA - telephone: 00 39 059 510051**

Pre dinner drinks will be serve at 19:00 before making our way to the adjoining restaurant, Le Ville for dinner at 19:40.

## Day 2 - Thursday 5th October

After breakfast in the hotel, served in the room next to reception, we board the bus by 09:00 for a 30 minute drive to the terrific Panini Collection, housed on the same site as an organic Parmesan cheese farm. In addition to some lovely cars, we also see an interesting process in the production of Parmesan, and the opportunity to buy at excellent prices. We then continue to the outskirts of Modena for an 11:15 arrival at the Lamborghini Factory Museo, followed by free time in Modena centre to enjoy a leisurely lunch. We leave Modena for the Museo Casa Enzo Ferrari, arriving back at the Mini Hotel at 18:00, we leave the hotel at 19:30 for dinner at the world famous Montana restaurant.

## Day 3 - Friday 6th October

Following breakfast we board the coach at 09:30. Our factory tour appointment is at 10:00 and begins at the original factory gates - please be advised the dress code is casual, but no shorts. A full visit to production facilities and their respective areas using our bus follows. After absorbing copious amounts advanced engineering and wonderful history, it is time (12:30) for lunch at the famous Cavallino Restaurant opposite the factory gates. After Lunch, you're free to enjoy Maranello. We depart at 15:00 for a 30 minute drive to visit the interesting Schedoni factory. Afterwards we head to Bologna Airport for a 17:30 check-in.

The return flight BA0545 to UK. The flight is scheduled to depart at 19:05 arriving at London Heathrow at 20:25 local time.

**On behalf of 'Classic Grand Touring' and the 'Ferrari Owners' Club' may we take this opportunity to wish you a most enjoyable holiday in Italy.**

If you have a question prior to day of departure please call Classic Grand Touring on +44 (0)7795 160 204. Reminder: It is essential to have personal travel and medical insurance in place.

### Hotels:

Most hotels will have your room available in the early afternoon. If you arrive at your hotel prior to this and wish to occupy the room immediately, you may be asked to book and pay for the previous night. This arrangement can be made via your travel agent prior to leaving the UK.

Twin / Triple / Quad rooms are based on the number of people who can be accommodated in a room and does not necessarily mean you will have two, three or four separate beds. Where children are staying free of charge, they may be required to share existing bedding arrangements with adults, although additional beds (sofabed or rollaway) may be arranged locally for the appropriate charge. Please read the description carefully to ensure the accommodation booked meets your requirements.

### Hotel Taxes / Airport Fee / Security Deposits

Extra charges at hotels may be applicable and are not included in pre-paid arrangements. Resort/leisure facilities featured at hotels are not necessarily free of charge and may be subject to a mandatory fee. Some facilities may also only be available seasonally. Most hotels require a security deposit on arrival. Please enquire at the time of booking.

### Delays & Cancellations

The EC regulate compensation for delayed boarding and cancellation of flights in and out of countries within the EU, or when flying outside the EU on an EU carrier. The regulations include a right to seek care, a refund, reimbursement, or compensation from the responsible airline, in certain circumstances. Please note that you may claim these remedies only from the relevant airline, and you will need to have a confirmed reservation for your flight, a valid electronic ticket, and you must have checked in for your flight on time. Should you require further information regarding EC

**IMPORTANT CUSTOMER INFORMATION****24 Hour Assistance:**

In the event of an emergency or if urgent assistance is required, please ask your travel agent to contact Travel 2 on the numbers shown on our Travel Itinerary; if calling Travel 2 from overseas the telephone number is +44 141 226 6222.

**IMPORTANT: When calling outside normal business hours please listen to the full recorded message to ensure that you are connected to our 'Out of Hours' consultant.**

**Things to Remember:**

Check all your documents are correct including the spelling of names, dates, times of travel, flight numbers and accommodation details where appropriate.

Check-in-times vary - NOTE most airlines offer online check in, check the carrier's website for more information.

Be aware that cancellations or amended bookings may be subject to additional charges.

Ensure you are holding a valid 10 year passport and that you have arranged adequate travel insurance and any appropriate visas for the countries you are visiting – your travel agent will be happy to assist you with these.

Passengers travelling to the USA, must apply for an online authorization (Visa Waiver Program), using the following link: <https://esta.cbp.dhs.gov>. Applications can be submitted anytime prior to travel, but must be done at least 3 days prior to your date of travel to allow sufficient processing time; a fee will apply.

Ensure you have received medical advice and any necessary vaccinations.

Most airlines have the facility to make seat, meal or special service requests in advance of travel. We will do all possible to secure these, but cannot guarantee that these will always be fulfilled by the carrier.

Throughout your trip, please reconfirm your onward or return flights to ensure that no changes have taken place. Some airlines advise this is not necessary, but changes DO happen, and Travel 2 cannot accept liability for airline schedule changes after you have left the UK.

Visit [www.fco.gov.uk](http://www.fco.gov.uk) for up to date advice.

**Vehicle Rental:**

Vehicle hire reservations have unique terms & conditions depending on the rental company and where you are driving. These are contained in our brochures, but if you wish a separate copy of these, please contact your travel agent who will obtain them on your behalf. Importantly, rates arranged with our car and motor-home rental partners include as many aspects of the hire as possible. However there are elements which cannot be added to the pre-paid rental, i.e. Vehicle Registration Fee, Airport Concession Recovery, and in most cases One Way Drop fees, as these are payable locally. Please ensure that you have funds to cover these for the duration of your rental.

**Transfers:**

If you have booked a 'meet & greet' transfer, our representative will meet you after you have cleared immigration and customs at your destination. Should you experience difficulty locating the representative please request the Information Desk staff to page them (details of the local operator's name and contact telephone number are shown on your voucher).

Please note that in some parts of the world the transfer is operated by scheduled coach services. If this is the case, no representative will meet you from your flight and you should make your own way to the departure location.

**Hotels:**

Most hotels will have your room available in the early afternoon. If you arrive at your hotel prior to this and wish to occupy the room immediately, you may be asked to book and pay for the previous night. This arrangement can be made via your travel agent prior to leaving the UK.

Twin / Triple / Quad rooms are based on the number of people who can be accommodated in a room and does not necessarily mean you will have two, three or four separate beds. Pay by Direct Debit, credit card or debit card (£2.50 for credit card payments. No fee for paying by debit card).

The MoT (if needed) is electronically checked. It must be valid on the date the vehicle tax comes into force.

SORN: If you do not tax your vehicle you must keep it off the road and tell us by making a SORN using the reference number above. You will get confirmation as you complete your transaction.

To tax at a Post Office® branch that deals with vehicle tax, you will need this reminder plus the following:

- an original MoT or GVT certificate (if your vehicle needs one) valid on the date the vehicle tax comes into force. You no longer need an MoT or GVT to tax a pre 1960 vehicle
- a filled in and signed V112 or V112G form if your vehicle is exempt from testing

For NI customers – a certificate of insurance or cover note (downloaded copies are acceptable, photocopies are not) valid on the date the vehicle tax comes into force, and

- your payment – if applicable.

If you no longer live at the address shown on this reminder you must also take your Vehicle Registration Certificate (V5C).

Do not apply for your vehicle tax before the 5th day of the month before the vehicle tax is due to start.

To find your nearest Post Office® branch that deals with vehicle tax go to [www.postoffice.co.uk/branch-finder](http://www.postoffice.co.uk/branch-finder) or phone 0345 722 3344.

**No longer have the vehicle?** Go to [www.gov.uk/sold-bought-vehicle](http://www.gov.uk/sold-bought-vehicle) to tell us. Alternatively, send your V5C or a signed letter to DVLA, Swansea, SA99 1BD giving the vehicle's registration number, make and model, the date of sale and the new keeper's details. We cannot take this information by phone.

You will be issued an automatic refund for any remaining full paid months tax from the date we receive your notification.

By law, all drivers must be covered by motor insurance when they use a motor vehicle on the road or in any other public place.

## Direct Debit form

Do not send this form to DVLA or your  
bank/building society

- Direct Debit can only be set up online or at the Post Office®
- Payments will be taken on the first working day of every month (this date cannot be changed). The first payment may be taken on a different date but this will not be before your tax is due to start.
- Following a successful transaction you do not need to wait for the first payment to be taken before the vehicle is used on the road
- A payment schedule will follow shortly by email or post
- Your Direct Debit will be **automatically renewed** unless you notify us of any changes i.e. sell or SORN the vehicle in which case your Direct Debit will automatically be cancelled
- The person setting up the Direct Debit does not need to be the registered keeper however refunds will be paid to the registered keeper of the vehicle and not the mandate holder

- If you do not keep up the payments the registered keeper may be liable for enforcement action and the Direct Debit will be cancelled
- Six months Direct Debit and 12 months Direct Debit (12 monthly payments) attract a surcharge of 5%
- Your Direct Debit details are being collected on behalf of DVLA. Any enquiries should be directed to DVLA
- The Direct Debit service is operated on behalf of the DVLA by a third party who will securely capture and store all personal and financial information in line with data protection legislation
- If you are currently required to self declare an exemption for MoT testing (V112, V112G or electronic declaration) when taxing, please take note that the mandate will not renew automatically at the end of vehicle licence. You will need to set up a new one each time, i.e. every 6 months or 12 months.

If taxing at the Post Office® the person setting up the Direct Debit needs to fill in the section below and give to the post office clerk to complete your Direct Debit set up.

Dear Kevin

**Ferrari 360 Spider SF54 SPY now registered - S55 PGH**

Trust you have had a good holiday and you are refreshed and ready to sort out some issues I have had with the Ferrari.

I have enclosed the bill I paid last Friday together with an inspection report and diagnostic read out.

You will see from the bill there were and still are several items that need attention. I am very surprised and somewhat disappointed that Grimaldi didn't find most of these and report. Did you have a report from them? Their invoice is very short on information for a major service. For example, did they change the plugs and if so what did they fit? The reason is on a diagnosis late Friday numbers two & three cylinders on the left bank were showing up as poor. I am told this model uses a particular NGK plug.

The inspection report – perhaps when you have read this we could discuss it at the same time as the bill during w/c 21<sup>st</sup> August, say Tuesday or Wednesday? If you text me with an approximate time I will endeavour to be available.

Kind regards
